

How to access WIOA Tuition Assistance for Bootcamp GIS

(Currently available in CA, MT, & VT)

What is WIOA?

The Workforce Innovation and Opportunity Act (WIOA) provides free or low-cost career training through your local American Job Centers (AJCs). You may qualify under Adult, Dislocated Worker, or Youth programs depending on your circumstances.

Why choose the GIS industry?

The Geographic Information System (GIS) industry is growing to \$200B and involves digital mapping and analysis for many fields, including conservation, emergency services, urban planning, and business. No matter your expertise, a GIS certificate can greatly increase your marketability. Our [Enterprise Certificate](#) is PACKED with project based skills taught by practicing industry experts that can help you get connected.

WIOA approval checklist:

- 1. Locate Your Local American Job Center (AJC)**
Use [this link](#) to locate your nearest center. Visit their website to obtain state-specific information about WIOA training assistance.
- 2. Gather Eligibility Documents**
You will typically need:
 - ID
 - Social Security documentation
 - Proof of address
 - Proof of income or unemployment
 - Selective service status
- 3. Meet One-on-One With a Career Counselor**
Call or visit your local AJC to inquire about WIOA. A counselor will complete intake, assessments, and create an Individual Employment Plan linking your goals to approved training.
- 4. Choose Bootcamp GIS from the ETPL**
WIOA only funds programs listed on your state's Eligible Training Provider List (ETPL). Choose the 'Enterprise GIS Certificate' from Bootcamp GIS as your preferred training program.

We are here to support students on their path to a great GIS job!

support@bootcampgis.com

- 5. Complete the WIOA Funding Application**
Your counselor submits paperwork for tuition funding, often using an Individual Training Account (ITA). We will provide your AJC with a cost estimate.
- 6. Enroll & Begin Training**
Once approved, you'll enroll in the training program. Your case manager will track your progress and support job placement efforts after completion.

Still have questions?

Book a personal career advisory call with our program director. Pick a time and we will:

- Listen to your goals
- Share GIS hiring trends
- Design your marketable program
- Kick you a \$250 coupon
